This came into our FOIA inbox, but I do not believe EPA OIG would have this material. The grant would be within some program office of the Agency.

Mr. Zuelch:

I am writing to request a digital copy of the EPA grant referred to in section IV of the attached Agreement between the Florida Department of Health, Monroe County Health Department, and the Florida Keys Aqueduct Authority, pursuant to the Public Records Act, Chapter 119 of the Florida Statutes.

I am also requesting a digital copy of any grant the Florida Keys Aqueduct Authority has been awarded relating to Onsite Wastewater Nutrient Reduction Systems (OWNRS), pursuant to the Public Records Act, Chapter 119 of the Florida Statutes.

If you refuse to provide this information, Chapter 119 requires you advise me in writing and indicate the applicable exemption to the Public Records Act. Also, please state with particularity the reasons for your decision, as required by Section 119.07(2)(a). If the exemption you are claiming only applies to a portion of the records, please delete or redact that portion and provide an electronic copy of the remainder of the records, according to Section 119.07(2)(a).

I agree to pay the actual cost of duplication as defined in Section 119.07(1)(a). However, if you anticipate that in order to satisfy this request, "extensive use" of information technology resources or extensive clerical or supervisory assistance as defined in Section 119.07(1)(b) will be required, please provide a written estimate and justification.

I request these records be available by Friday May 15th, 2015. If you have any questions or need more information in order to expedite this request, please let me know.

Sincerely,

Jeff Sharp – Owner/President
